SUPPLEMENT TO OIL AND GAS DRILLING REPORT

OIL AND GAS PRODUCING FORMATIONS
AND LIST OF POOLS
October 1, 1954

By
Virginia Kline and J. Van Den Berg

This supplement, which is revised annually, is sent to each subscriber with the November Drilling Report. Thereafter a copy will be furnished each new subscriber, and one will accompany any issue that is bought separately. As the supply of these supplements is limited, please keep your copy.

The supplement includes charts showing oil and gas producing formations in Illinois, geologic column, generalized structure section of the Illinois Basin, and list of producing and abandoned pools. An index map of Illinois accompanies them for your convenience.
